Ace Aeronautics, LLC Sponsors Pro Bass Fisherman and Guntersville resident Randy Howell

GUNTERSVILLE, Ala. – Ace Aeronautics, LLC is proud to announce its support and sponsorship of 25-year veteran of the Bassmaster Tour and Guntersville resident, Randy Howell.

Aside from Ace's effort in solving obsolescence challenges in the global aviation industry, the company believes it is critical to be active and give back to the City of Guntersville and the Marshall County community. "We live and work on the premier bass lake in Alabama and really, in the top percent in the world, so it's important to me that we give back in some form to show our pride in our location, and a sport that anyone can participate in," said Ace Aero President and Chief Executive Officer, Darrell Kindley.

The Ace Aeronautics logo will be displayed on Howell's boat while competing in various Major League Fishing and Bass Pro tournaments across the country. "We know Randy will continue the success of his runs on the Bass Master Classic and transition them to the MLF and BPT," said Kindley. Howell, the 2014 Bassmaster Classic Champion, says he's excited about the unique partnership. "I'm very proud to represent a hometown company that has an international reach in the world of military defense," said Howell. "They're the leader in Blackhawk military defense contracting and it's impressive that they're right here on beautiful lake Guntersville."

About Ace Aeronautics, LLC

Ace Aeronautics, LLC provides innovative and long-term avionics and airframe solutions to commercial and government aircraft worldwide. Ace solves obsolescence challenges and minimizes technological upgrades through forward thinking and intelligent architectural design. The Ace Aeronautics executive staff offers more than 150 years of collective experience in global defense aerospace industries.
